(Approved by AICTE, Accredited by NBA & NAAC-"A" Grade)

FROM EDITOR'S DESK

As the editorial team of our departmental magazine "Macht", we feel overwhelmed to be a part of this for the 6th consecutive edition. The pleasure and the responsibility of making the departmental newsletter is unparalleled and is experienced by every member of LSM alike. One of the challenges faced by us has been to constantly change and re-invent the magazine in order to appeal to a larger section of students and faculty. With the magazine now coming under the newly emerged "Literature Society of Mechanical (LSM)", we feel proud to be a part of it. We'll be making some vibrant announcements but more importantly you can make it to the LSM activities with your contributions in the form of articles, arts, paintings, photography etc... We will be making some exciting announcements which are aimed at tapping the talent of the students. And in this moment of warmth, we request your active involvement and participation in the LSM activities. Your contribution is highly important to us since this whole initiative of both Macht as well as LSM has been to improve the skills and knowledge of students. If you intend to make a difference to the department and to the students, approach us and we'll help you. There are a lot of young aspirants who could serve our society as entrepreneurs, businessmen, technical geniuses, innovative scientists hidden in our department who are yet to realize their potential. The role of LSM here is to improve your soft-skills. With the activities, events, workshops which have been planned to be put into action, your skills and confidence are bound to go higher. At this highly esteemed moment, we feel deeply obliged to thank our beloved Chairman **Dr. M.V.Muthuramalingam**, our Honorable CEO **Shri. M.V.M.Velmurugan**, our respected Principal, **Dr. S.Satishkumar**, Head of the Department, **Dr. E.Ganapathy Sundaram**, faculty Co-Ordinator, **Mr.A.John Leonard** and **Mr.R.Chezhian** and advisors who have been very helpful, encouraging and supportive in this journey and much more to come. Their continuous support has raised expectations and this has indeed provided us motivation. Also, we thank our alumnus **Mr. J.Raja Sundar Singh** and alumna **Ms. R. Anju**, at this moment, who put up Macht for the first time, and inspired us to carry it forward to this level.

FROM PRINCIPAL'S DESK

VEC is one of the leading technical institutions delivering quality education in Tamil Nadu. The strengths of VEC are its proven teaching and learning ecosystem, research and knowledge creation culture and industry collaborations. We help students acquire the knowledge and skills required to become competent and excel in the broader field of Engineering, Technology and Business Administration. We keep our curricula up to date with the latest technological breakthroughs and industry best practises and provide a vibrant intellectual environment for students by fostering critical, reflective, and conceptual thinking, with the purpose of enriching their education and preparing them industry ready through innovative teaching methods. Macht, the official newsletter of the Mechanical department of Velammal Engineering College, initiated first by our prodigious alumni, is now carried by the vigor of the Literature Society, LSM. Sincere congratulations to the student members to have taken it intriguingly, keeping in view, the prospects of the freshers. I believe they will continue striving hard to maintain the benchmark they have set I wish them success for all their future endeavours.

-Dr. S.SATISHKUMAR
Principal, VEC

FROM HOD'S DESK

The department of Mechanical Engineering is designed to facilitate for teaching and research in the area of Thermal and Energy, Design and Manufacturing, Material Science, Mechatronics, Industrial automation and Industrial Engineering. A highly skilled, well qualified and motivated team of 32 faculty members, including 8 Doctorates and 20 are pursuing Doctorate, imparts quality education to students and support them to reach greater heights. Faculty members support the students to do various industrial projects, innovative projects carried out through funds received from various government agencies like DST New Gen IEDC, Tamil Nadu State council for science and technology, Indian Society for Refrigeration and Air Conditioning etc. A separate project lab facility is established to support the students to get various hands on skill, carryout different project work in the curriculum and support to participate various student's events. The department regularly organizes events to promote higher studies and entrepreneurship among the students.

- Dr. E.GANAPATHY SUNDARAM

PROFESSOR AND HEAD

DEPT. OF MECHANICAL ENGINEERING

DEPARTMENT VISION

PRODUCING COMPETENT MECHANICAL ENGINEERS BY IMPARTING QUALITY EDUCATION BLENDED WITH HUMAN VALUES, AS POTENTIAL CONTRIBUTORS TO THE INDUSTRIAL DEVELOPMENT OF THE NATION LEADING TO THE WELL BEING OF THE FUTURE GENERATION.

DEPARTMENT MISSION

- IMPARTING QUALITY EDUCATION TO THE STUDENTS IN CORE AREAS WITH MORAL VALUES THROUGH OUR DEDICATED TEAM.
- PROMOTING RESEARCH AND DEVELOPMENT BY GIVING HANDS ON EXPERIENCE OF STATE OF THE ART FACILITIES.
- PROVIDING PLATFORM FOR THE STUDENTS TO EXPLORE THEIR INNOVATIVE AND CREATIVE SKILLS.
- PROMOTING ACTIVITIES TO CULTIVATE THE SPIRIT OF ENTREPRENEURSHIP TO THE STUDENTS.
- EMPOWERING THE STUDENTS IN ORGANIZING EVENTS TO GAIN EXPERIENCE IN TEAM WORK AND LEADERSHIP QUALITIES.
- PREPARING THE STUDENTS FOR THEIR ROLE AS ENGINEERS IN SOCIETY WITH AN AWARENESS OF ETHICAL, ENVIRONMENTAL, ECONOMIC, SAFETY AND QUALITY ISSUES.

Students' achievements (January – July 2022)

1. E-Cell MIT is giving you an opportunity at E-Summit 2022 to pitch your business models. In the Bizz Model competition, anyone with an engineering idea can pitch a business model.

Ananth Sai Shankar.V and Ajith.S, 3rd year Mech students won 2nd prize (First Runner Up) in BizzModel – A Pitch Deck Competition organized by E-Cell MIT during E-Summit 2022 (20.04.2022). They got a Memento and a Cash prize of Rs.5,000/-

2. Mechnotron is a National-level technical symposium organized with pomp and grandeur every year by the Department of Mechanical Engineering, Coimbatore Institute of Technology. Mechnotron provides a huge platform for students all around the nation to portray their talents and showcase their skills through jam-packed webinars and various virtual events.

In this year's Mechnotron 2022, Ananth Sai Shankar.V and Gowtham Shankar.K, 3rd year Mech students won the second runner-up prize among 1500 competitors (26th Feb – 13th Mar 2022)

3. Yuvanshankar.K (3rd year Mech student) and his team: WINNER in Cricket Tournament, Organized by Velammal Institute of Technology, Thachur on 12th May 2022.

1. **Yuvanshankar.K** (3rd year Mech student) and his team: **Won the 11th Smt. Manjula Munirathinam Memorial Rolling Trophy** in Cricket Tournament, Organized by RMK Engineering College, Kavarapettai, Gumdiponndi on 18th May 2022.
